```

## Developer PHP (m/w/d)

We are a young start-up in an emerging market. We offer a PHP developer position (m/f/d) to an applicant who brings along a lot of passion, commitment, and a hands-on mentality. If you are an enthusiastic developer with the will to actively contribute to the rise of our company with great responsibility, we look forward to receiving your application.

### Your Profile

- you have a high motivation
- your problem-solving skills are outstanding
- you are experienced in web development
- you love to create well-structured PHP projects
- Linux is your friend, and AWS doesn't frighten you
- you regard CSS and JS as natural partners
- you are inspired by cross-functional and user-centric teamwork

### Job Description

- backend development of a complex system
- API development
- support to frontend development (web / native apps)

### We Offer

- a position in a fast-growing, diverse team
- a flat hierarchy and short decision-making processes
- a performance-oriented environment
- a lot of work and the chance for a great development
- long-term remuneration that reflects the success of the company
- a positive spirit and energy

## Does that sound exciting to you?

Then send your application documents by e-mail to Uwe: [uwe.weinreich@independesk.com](mailto:uwe.weinreich@independesk.com)
